JOSIAH TURNER, Jr., EDITOR.

BRAVE WORDS FROM A NORTHERN DEMOCRAT.

The Hon. John Quincy Adams has never spoken more wisely, or more to the point, than at the dinner given by the Constitutional Club in Boston on Washington's birthday. The very name of "Constitutional Club" in the hot-bed of Radicalism is suggestive, and, says the Baltimore *Gazette*, if the purpose of its members be to promote a profounder reverence for that instrument, and to vindicate the rights of the States and the people under it, those who have banded themselves together in the prosecution of this noble duty will deserve well of their country, whatever the result of their efforts may be. Mr. Adams, in the speech to which we refer, declared emphatically that the Radicals in Congress had grossly abused their powers; that to perpetuate their party they had leagued together to destroy the Constitution. "I mean to say," added Mr. Adams, and I say it with a sense of responsibility, that to-day there is nothing of the old Constitution of our fathers left to us except what was always understood and believed by them to be a mere incident of constitutional power, and that is this war power." * * * * "This old constitutional edifice of the fathers was built of the white marble of the States, which they brought together voluntarily as a work of love, and piled up there one by one each in pride and delight, adding stone after stone to the beautiful and symmetrical edifice under which we all live. [Applause.] But what is this thing which we now see there in Washington?—Is that built of those stones? Is that put together by any such bands as those which cemented the old Capitol? Why, gentlemen, is it built of the volcanic lava, hot yet from the results of the outpouring of the mount [applause,] and it is clamped together by great bonds of black, rusted, iron fetters. [Applause.] It's no such edifice at all; and now we have in the Presidential chair a man who, when he swears to protect and defend and preserve the Constitution, seems to think that this is the Constitution which he swears to preserve."

Alluding to a proposition which was made in the Massachusetts Legislature, a few days before, to fire a hundred guns on Common in honor of the passage of the Fifteenth Amendment, Mr. Adams said: "I was only sorry that I was not in the Legislature to propose, as an amendment to it, that the United States be humbly solicited to allow the State of Massachusetts to fire that salute from Fort Warren, and that the guns might be shotted, in order to show the process by which the amendment had been carried."

Brave words these, and trenchant as they are brave. But so long as the people continue to be apathetic, what is there to prevent the Radicals from prosecuting to a successful issue their schemes to establish a centralized Government? Under that provision of the Fifteenth Amendment which gives to Congress the power to enforce it, they are already forging fetters for the North, as they have previously done for the South. Whether the people of the North, who recognize it as good constitutional law that the Southern States "may be dragooned into amending the Constitution of the United States," will put a similar interpretation upon military interference in cases which concern themselves, is a question which the future only can answer.—*Lynchburg News.*

PROPOSED REVISION OF THE BIBLE IN ENGLAND.

Two weeks ago, at a Convocation of the bishops and clergy of the southern provinces of England, then in session in London the subject of a revision of the Old and New Testament was discussed. The Bishop of Winchester suggested that a committee of both houses be chosen to report—in conjunction with any committee that may be appointed by the convocation of the northern provinces—on the desirableness of a revision of the authorized version of the New Testament, either by marginal notes or otherwise. The Bishop gave his reasons for the motion: 1st, that "it was the bounden duty of the Church to see that what she put forth was the very word of God. 2nd, that the proposed investigation was rendered necessary by the fact that there was a widely spread impression that the New Testament contained passages that had no right to be there. 3rd, that there were unquestionably passages in which the right word did not appear, and in others, where the word had now a different meaning from what it had at the time it was written." The Bishop of Gloucester, in seconding the motion, declared that it was no longer possible for an earnest man to ignore a subject of so much importance. He called attention to certain passages in the Testament to prove the necessity of the proposed inquiry, and remarked that "one small letter made a great difference in the meaning of a subject of the greatest importance." The Bishop of St. Davids was also in favor of the proposition. He did not believe that the revision, which had been called for would be found to effect any doctrine which the Church now held. But whilst he would sustain the motion for a committee of inquiry there were, nevertheless, three causes, which, in his opinion were calculated to prevent the Church from recommending such an undertaking as that proposed. First the fresh discoveries, which were continually being made in Biblical research. Second, the doubt whether a new version of the Scriptures would receive universal assent, and the evil which would ensue if there should be a "Church Bible" and a "Dissenting Bible." The third objection or difficulty," he said, "was that when the authorized version had received all the amendments it deservedly required, it would be found to have effected a very great change in many parts, and one would be, that it would deprive a number of the clergy, and still more of the dissenting ministry of some of their favorable texts. He referred to certain translations, and said his belief was that a revision would result in great advantage, and increase the value of the Scriptures to the English reader, not only in public but in private, and prove the extent of that inadequacy and imperfection they ought not conceal. The result of the inquiry would alter to a great extent the meaning of portions of the Holy Scriptures." The Bishop of Llandaff approved of the appointment of a committee and spoke warmly of the desirableness of considering a revision of both the Old and New Testaments. He suggested, therefore, that the inquiry should embrace both. The amendment was accepted by the Bishop of Winchester, and in this form the resolution was agreed to.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbia, Mo., I suffered tortures with running sores. Since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

The above Fluid has been in constant use for upwards of three years, and has sustained its unrivalled reputation, as a brilliant, non-explosive illuminating agent, though subjected to the severest tests. Being universally conceded to be superior to Kerosene or Coal Oil. It makes a better light and more of it, than any other illuminating compound. Soft, clear, steady and uninjurious to the eyes. All that is asked is a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Combination Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was to the highest degree satisfactory. We have no hesitation in pronouncing it to be a *safe and brilliant* illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

STATE CONVENTIONS.

It has been heretofore announced that the Republican State Committee at a recent meeting in this city, made a call for a State Radical Convention to be held in this city on the 11th of May, 1870. Such a movement on the part of the Radical party, was a necessity which could not be disregarded. The gross incompetency and utter failure of that party, as a whole, in the executive, legislative and judicial departments of the State government, forced upon the party a Convention, to make a last effort to save itself from utter disruption and ruin. The divisions, heart-burnings, frauds, peculations and loss of confidence in each other, which have become palpable among the leaders of the party, rendered a Convention a dernier resort. Whether such a Convention can heal the breaches and restore confidence, is doubtful, yet it is worth trying, as a last resort. Many who have heretofore acted with the so-called Republican party, are sick of it; are disgusted with the utter failure of the party to fulfil its pledges to the people, its ruinous frauds and peculations, and are determined to wash their hands of it. Others, nursing their old prejudices against the Democratic party, denounce all attempts to class them with either Radicals or Democrats, but submit with a good grace to be called Conservative Republicans. Radicals in name and principle, aware that they and their measures stink in the nostrils of all the true friends of North Carolina and of the government, and convinced that the public judgment has put them beyond the pale of repentance and future recognition, will now drive on from bad to worse, reckless of the doom which awaits them.

The time has arrived when names or parties are not to be put in the scale, in opposition to principle, to the demands of the State and the safety and prosperity of the people. Between Radicalism and any other name, be it Democracy, Conservatism, or what not, there is a great gulf, which never can be bridged—a breach which never can be healed. The two are as wide apart as the poles, morally, socially or politically, and any attempt to mix up or assimilate Southern Radicalism and Democracy or Conservatism, will utterly fail. It is, therefore, time for all honest Conservative Republicans to learn, that their past policy of "holding with the hare and running with the hounds," is a failure—that their attempt to mix up honest purposes and good will to the people of North Carolina and yet hold on to Radicalism, can last no longer. They must either shake hands with Radicalism now and forever, or they must be content to bear the disgrace and ruin of Radicalism itself.

There are but two parties in North Carolina. There can be but two. These two are so wide apart they cannot be mistaken. They are simply Radical on one side, and Anti-Radical on the other. Call them by what name you please—organize a dozen parties if you wish, and when the contest comes there can be but two. If the so called Conservative-Republicans go into the Radical Convention in May, they will be written down as Radical; if they stay out and refuse to co-operate longer with the Radicals, they must of necessity coalesce with the Democrats and Conservatives. The attempt to form a third party can only tend to weaken one or the other of the two, but must leave the third party important to carry with it any weight. So far as we are concerned, we have no preferences to consult, as to the course they may take. We are against Radicalism in all its phases and alliances. We are opposed to incompetency, mal-administration, thieving, peculation and extravagance in any party. We will co operate with none, labor for none, who are not hostile to any party that is akin to the party in power; and we go in to the death for that party, that will rid the State of the Radicalism, scoundrelism and utter demoralization of the party in power.

Happily for the Democratic and Conservative populations of North Carolina, there are no divisions or strifes or differences among them, which require the call of a State Convention to heal. They are still one in their hostility to Radicalism, to fraud and thieving upon the government and the people. "Down with Radicalism as we have it in North Carolina!" is the battle cry of every honest, true citizen of the State, and this is enough to call them together when an election comes, to do battle for our good Old State. We therefore see no necessity, at least, strong necessity, for a Democratic State Convention. Some of our cotemporaries have suggested it, but no such necessity appears to us or to those whom we have consulted. There are no great State issues involved in the next canvass. The people of the counties and Congressional Districts will call county and District Conventions at a proper time to bring out their candidates. This we judge will be sufficient. We have however no choice in these matters, but presume that a little thought and consultation will result in the general conviction, that a State Convention the present year, for us is not absolutely necessary.

HOUSE OF REPRESENTATIVES.

MONDAY, March 7, 1870.

House called to order at the usual hour.

Mr. Smith of Alleghany called up his resolution, in regard to an early adjournment, and which excludes all other resolutions and bills until the revenue bill is disposed of.

Several amendments were offered, and adopted, when

Eagles, col., moved to lay on the table; not agreed to.

The resolution was then further discussed at considerable length, when,

On motion of Leary, col., its further consideration was postponed until the revenue bill shall be disposed of.

Mr. Durham introduced a resolution that the substance of the testimony of witnesses before the Committee of the Whole be taken down by the Clerk, and that it be read to the witness afterward for correction &c., and moved a suspension of the rules to consider the same. The motion prevailed, ayes 83, noes 27, on a call of the yeas and nays.

The resolution was opposed by Moore of Chowan and Harris of Wake.

Mr. Malone spoke in favor of and in explanation of the resolution.

Mr. Durham called the previous question, which was sustained and the resolution adopted, yeas 62, nays 19.

The House then went into

COMMITTEE OF THE WHOLE,

Mr. Pou in the Chair.

The Clerk of the House, through Mr. French, desired to be relieved of the duties of Clerk to the Committee.

The request was acceded to, and Mr. A. B. Alford appointed to act as Clerk.

Then commenced a scene seldom witnessed in grave, deliberative bodies. Suggestions, motions, points of order, and questions of privilege, were mixed up in the most delightful disorder and quick succession, out of which the reporter, *pro tem.* made the following:

Mr. Durham moved that Gen. M. S. Littlefield be summoned before the Committee.

Mr. Seymour wanted the resolution appointing a managing Committee read.

The Clerk of the House stated that it would be some time before he could find it.

Mr. Seymour and two or three others insisted on its being read before proceeding.

Mr. Durham sent up the following question.

Q. Are you President of the Western Division of the W. N. C. Railroad?

Before answering, Gen. L., who had been summoned and had appeared, was sworn by the Chairman, to answer such questions as might be asked him relative to the management of Railroads, &c.

Mr. French thought the Committee of Management ought to conduct the examination.

Eagles, col., wanted to hear read the resolution appointing the Committee.

Mr. Seymour suggested a modification of Mr. Durham's question.

Gen. Littlefield being required to answer the interrogatory, said, he had certain rights, and should insist on being allowed them, viz: first, that the questions put to him and his answers thereto, should be in writing, and second, that he should be allowed to have a copy of his testimony before the Senate special Committee before him in order to refresh his memory, &c., as the investigation would likely involve answers in regard to dates and large sums of money, that he could not remember without this record.

Mr. Barnett moved that this record be furnished him.

Mr. Durham said, that to do so would defeat the objects of the investigation.

Mr. Seymour. How?

Mr. Durham. By delay, in one way; the special committee are not required to report until the 11th, and have not their report ready.

Mr. Seymour insisted that the "Bragg" Committee was no Committee, but a Commission, accountable to the House, and therefore bound to furnish the records of their proceedings when demanded.

Mr. Durham insisted the witness had no right to the record alluded to; that this committee had the right to put him on his guard, as to the testimony he had given, &c.

Mr. Sinclair moved to send the Doorkeeper for the record of the investigation before the special Committee.

Gen. Littlefield again explained that he could not go over so large a ground with out the record to refresh his memory.

Mr. Moore of Chowan. Did you have any memoranda to assist your memory before that Committee.

Ans. I did; they were contained in my report to the Governor, but they have passed beyond my control.

Mr. Strudwick thought the witness had a right to his notes &c., but not to the record of his evidence.

Mr. Argo opposed his having that record, and gave reasons why he should not.

Mr. Seymour said the Committee had the right to grant or refuse the application of the witness. He moved to modify Mr. Sinclair's resolution, so that the special Committee be requested to furnish a copy of their proceedings for the use of the Committee of the Whole. This modification was accepted.

Mr. Durham moved to suspend the examination of the witness in regard to Railroad matters, and proceed to take his testimony in regard to bribery and corruption.

Mr. Moore of Chowan reverting the former subject of debate, thought this committee ought to have the record of the special committee as to know how to frame interrogatories, but was not clear as to the witness's right to it.

Mr. Seymour wanted to know what had been the scope of the examination before the Special Committee and insisted on sending for the record.

Mr. Malone opposed the consumption of so much time in arguing unimportant, collateral questions.

Mr. Durham's motion was then put and carried.

Mr. Durham then sent up the following interrogatory:

2. Have you given your note to members of the Legislature or to any fictitious persons for the use of, and with a view of benefitting any member?

A discussion here arose, as to the manner of sending up questions, and as to who should decide in regard to their relevancy.

Mr Durham moved that the witness be sworn to answer truly the questions in regard to bribery, &c., as that was not included in his former oath.

Mr. Sinclair suggested that the Committee could not go into the investigation of any matter than that pertaining to Railroad management, as that was the only matter for the investigation of which the Committee was raised.

Mr. Durham insisted on his motion to swear the witness.

Mr. Sinclair raised the point of order, that this whole matter was irrelevant.

The Chair decided that the point was well taken, unless the questions proposed were connected with Railroad matters.

Mr. Malone stated that the House had already resolved to go into Committee of the Whole for the investigation of bribery and corruption, and that the Committee had asked to sit again on that subject.

The Chair being thus reminded, changed his former decision, and ruled the resolution in order.

Mr. Sinclair, wanted the proceedings read, before the oath was administered, he thought the whole proceeding undignified and likely to present the Legislature in a ridiculous light.

Mr. French wanted to inquire whether the Committee would continue the investigation of matters before it, or go into new matter—he thought they could not go into the consideration of any new matter.

Mr. Durham insisted on his motion which was put and carried, and the witness was accordingly sworn.

Mr. Durham's question was then propounded again.

Witness again insisted that his testimony be taken in writing, and refused to answer until this was agreed to.

Another long discussion arose in regard to this question, participated in principally by Harris of Wake and Moore of Chowan.

Gen. L. then withdrew the request, in regard to writing down his testimony, but objected to the question. The Committee had no right to inquire into his private affairs—the question was too broad—it should be framed so as to apply to the charge of bribery and corruption.

The Chair decided that the question was proper.

Gen. L. then answered the question.

A. I have not given my note to any member or to any fictitious person for the use of any member, since they were elected as members of the Legislature.

By Mr. Malone—

Q. State the object of the note to a fictitious person, as contained in your answer in the Superior Court of Wake.

Here another discussion of some length ensued, and objections raised by Sinclair, Harris of Wake, Moore of Chowan, the first named raising the point as to jurisdiction &c.

Mr. Seymour then read the resolution appointing the Managing Committee.

Mr. Jarvis introduced a resolution that the Chair shall decide as to the relevancy of questions, and limiting debate. Lost for want of a quorum.

Mr. Durham insisted that the question be answered.

Sinclair and Harris of Wake objected.

The Chair decided the question was in order, and must be answered.

Harris of Wake appealed. The question was put and the decision of the Chair sustained.

A. I never saw the records of Wake Superior Court; I never had any process served on me; don't know what note is referred to, and therefore cannot answer.

By Mr. Durham.

Q. Did you not give your note to James Smith or John Smith, a fictitious person, for the benefit of some member of the Legislature?

Ans. I did not.

By Mr. Malone.

Q. Is Mr. Churchill your agent, and do you endorse his action?

Ans. For certain purposes he is.

Mr. Jarvis offered a resolution that no member shall object to any question but that the witness may object and the Chair decide whether the question is proper.

Eagles, col., moved to lay the motion on the table—this motion was out of order.

Mr. Moore of Chowan and Mr. French spoke in opposition to the resolution.

The question was put and the resolution was not adopted.

By Mr. Strudwick—

Q. Did you not file an answer in person, or by attorney or agent, in a suit brought in the Superior Court of Wake county, in which you stated that the note in question was given to a fictitious person and for an illegal purpose, and therefore you resisted the payment?

Ans. I did not file an answer, for I was not here, and do not know whether my agent did or not.

By Mr. Durham—

Q. Do you know anything of a note payable to James Smith or John Smith, purporting to be signed by you?

Harris of Wake, col., objected to the question.

Mr. Downing stated what he understood to be the rules, &c., and insisted on the rules being observed.

Mr. French did not consider that the rules for taking evidence in Courts were applicable here, and raised a point of order, which, if it was decided the reporter didn't find it out.

The question was then resumed.

Ans. I may or may not have given such a note; I have been doing business for many years and have given many notes, and may have given a note to such a man, as I have dealt with many members of the Smith family.

[Here a dignified Legislative laugh was inaulged in by several, accompanied by stamping and applause.]

Eagles, col., Do you know a man named John Smith?

This question was decided not in order, unless the mover declared it connected with some matter pertaining to some member of the Legislature.

Eagles declared it was, and so the question stands as the unfinished business of the Committee of the Whole.

Sweat, col., moved that the committee rise, report progress and ask leave to sit again, and the motion prevailed.

Business in the House was then resumed.

Mr. Pou from the Committee of the Whole made a report, which was adopted.

A bill was introduced by Mr. Moore of Chowan to incorporate some Springs, which was referred, and

The House then adjourned.

ONE OF THE MURDERERS OF COLONEL NETHERCUTT IN OUR COUNTY JAIL.—HIS IDENTIFICATION.—Developments have recently transpired which establish the fact that one of the gang of brutal scoundrels who murdered Col. Nethercutt in Jones county in the Spring of 1866 is now confined in our county jail. He is no less a personage, than the notorious Patt Artis, with whose crimes, convictions and numerous escapes this paper has termed for more than two years past. The development of this fact was brought about by an exchange of photographs of prisoners effected by the Sheriff of our county with the Sheriffs of Jones and Lenoir. From some conversation had with Artis, Sheriff Schenck suspected he was concerned in that great outrage which was the commencement and original cause of all those horrible subsequent outrages committed in Jones, and on exchanging photographs, the Sheriff of Jones at once recognized Artis as Jas. Patrick Artis, the name by which he was then known, one of the gang arrested for the murder of Col. Nethercutt. Artis after this arrest had his case removed to Lenoir county, and while in jail at Kinston awaiting trial he made his escape and came to this section.

The career of this scoundrel in crime has been a reckless one. He committed numerous offences of larceny after coming to this section, was arrested and confined in jail several times and as often made his escape, and always met with capture lingering around his old haunts. Finally he was sentenced to twelve months' imprisonment in the county workhouse, but his term had not half expired ere he made his escape. He then went to Marion, S. C., and in connection with one Ganzer Steagall committed burglary and arson, for which he was tried, convicted and sentenced to nine years' imprisonment in the State penitentiary. He had been there but a few months when he escaped; but was arrested at the depot in this city while passing through on the cars by one of the Sheriff's officers, who saw and recognized him and carried him to jail. He is now held subject to the direction of the Governor regarding his transfer to Jones county for trial for murder. Artis is about 25 years of age, black, thick set, about 5 feet 8 inches high, with a rather animal appearance.—*Washington Journal.*

We regret to learn that Mr. Decatur Depriest was murdered, and his father, Mr. Randal Depriest, was shot by James McGaha, on Thursday last. There are so many contradictory reports as to the cause of the difficulty between the parties, and as the matter will be thoroughly investigated, we forbear to comment upon it, until a legal investigation shall determine who are the guilty parties.—*Rutherford Vindicator.*

NEW ADVERTISEMENTS.

A PROCLAMATION.

By His Excellency, the Governor of North Carolina.

EXECUTIVE DEPARTMENT, Raleigh, March 7, 1870.

By virtue of authority vested in me by the Constitution of the State, and by virtue of an act passed at the present session of the General Assembly, entitled "An act to secure the better protection of life and property," ratified the 28th day of January, 1870, and for the reason that the civil authorities of the county of Alamance are unable to protect the citizens of said county in the enjoyment of life and property, I hereby proclaim and declare that the county of Alamance is in a state of insurrection.

On the 26th of November, 1869, a citizen of the United States, who was engaged in teaching a school in said county, was taken from his house by a band of men armed and disguised, and was, by them, hanged by the neck until he was dead, on the Public square in the town of Graham, near the Court House. And more recently the Foreman of Company Shops, in said county, an officer of the Government of the United States, was compelled to flee the county for protection, and while absent, a band of men armed and disguised visited his home with the purpose, doubtless, of taking his life; and the within a short distance of Federal troops stationed in said county, not to overawe or intimidate good citizens, but to preserve the peace and to protect the innocent and the law-abiding. In addition to these cases, information has been received at this department that peaceable and law-abiding citizens of the county aforesaid have been molested in their houses, have been whipped, shot, scourged, and threatened with further visitations of violence and outrage unless they would conform to some arbitrary standard of conduct set up by these disguised assassins and murderers.

I have issued proclamation after proclamation to the people of the State, warning offenders and wicked or misguided violators of the law to cease their evil deeds, and, by leading better lives, propitiate those whose duty it is to enforce the law. I have invoked public opinion to aid me in repressing these outrages and in preserving peace and order. I have wanted to see if the people of Alamance would assemble in public meeting and express their condemnation of such conduct by a portion of the citizens of the county, but I have waited in vain. No meeting of the kind has been held. No expression of disapproval even, of such conduct by the great body of the citizens has yet reached this department; but on the contrary, it is believed that the lives of citizens who have reported these crimes to the Executive have been thereby endangered, and it is further believed that many of the citizens of the county are so terrified that they dare not complain, or attempt the arrest of criminals in their midst. The civil officers of the county are silent and powerless.

The laws must be maintained. These laws are over all. Every citizen, of whatsoever party or color, must be absolutely free to express his political opinions, and must be safe in his own house. These outrages and these violations of law must and SHALL cease. Criminals must and SHALL be brought to justice. The whole power of both governments, State and Federal, is pledged to this, and this power will be exerted. Criminals who may escape to counties adjoining Alamance will be pursued, and if not destroyed by the civil authorities of said counties, or if sheltered or protected in said counties, with the knowledge of the civil authorities, the said counties will also be declared to be in a state of insurrection.

I earnestly appeal to all good citizens to aid the civil authorities in maintaining peace and good order, and to support me in my purpose to protect life and property without regard to party or color.

Done at the city of Raleigh this 7th day of March, 1870, and in the 94th year of our independence.

"The Norfolk Oil and Fish Guano COMPANY'S.

PHOSPHATIC FISH GUANO,

PRICE $40 PER TON OF 2,000 lbs., AT NORFOLK VA.

Manufactured at Norfolk Fertilizer Works.

This article is quite superior to the Peruvian Guano as a fertilizer, it contains a much larger percentage of *bone phosphate* and *soda*, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Lateerman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer."

J. J. Borton of same State, writes to the same import. Our Circular for January 1870, contains these and other certificates in full.

Dancing School at Tucker Hall, exercises resumed on Saturday—Mrs. A. E. Slater.

The absence of the editor, and indisposition of the House reporter, yesterday, left the Local with his hands full, or, as we say sometimes, left him "with the bag to hold with both ends of the bag open." Consequently we are not able to give much interest to any particular department, this morning. There are, however, matters of startling interest in the columns of the present issue, independent of any editorial elaboration—subjects for deep thought and reflection, the tendency and leaning of which are calculated to spread gloom over the State.

Charades and Tableaux.—There will be an exhibition of Charades and Tableaux in Tucker Hall to-night (March 8th.) Several beautiful songs, glees, and quartettes will be sung during the evening. The entertainment will be given for the purpose of raising funds for making necessary repairs to the basement room of the Baptist Church, used by the Sunday School.

The Woman's Rights woman made a speech at Commons Hall, last night, we didn't hear it, thank gracious! and don't know whether she made any converts among the audience or not. A gentleman who passed by and peeped in, said the crowd was not exceedingly crowded, and that he saw no ladies in the Hall. We have very little respect for those females who leave the home circle and fire-side and set out on their travels to turn the world and their own sex upside down; but we have not room for a dissertation on Woman's Rights to-day, and will, therefore, wait and see what Whitaker says on the subject.

Kidd's Gas Consumers Guide.—We have before us a card with indices to mark the register of gas metres, by the aid of which persons who use gas can always tell with exactitude, what their gas bills ought to be for any specified time. Besides the indications of amount of gas used, it contains a table showing what sum a given amount of gas comes to at a given price.—It is a very simple affair, not at all hard to be understood or properly kept, and can be had, we suppose, at about 25 or fifty cents. They can be procured through Mr. Merrill, Superintendent of the City gas works.

"March—The man born in March will be rather handsome. He will be honest and prudent, but will die poor. The lady will be passionate, jealous and a chatter box."

We, that is, this Local, were born in March, and were just —— years old yesterday. The above prognostication is correct in our case, as far as it has been tested; what condition we shall leave our estate in is not yet fully apparent, but the indications are that the latter part of the prediction will come out all right in that respect. None of our female relatives were born as early in the season as this month, that we remember.

In the Methodist Episcopal Church in Raleigh, some stir is created by the effort of the Pastor to have the use of tobacco *in the church* prohibited. It appears his people do not fully support him in the movement. We heard him say last Sabbath that it must be done or another minister would have to fill his place. We admire his moral courage. We hope he will succeed. Many "Houses of God" reek with the fumes of filth and tobacco and are offensive to every sense.—*Greensboro' Republican.*

The *Republican* is mistaken in one assertion in the above. The members of the M. E. Church and the congregation proper, *do* sustain the pastor in his efforts to suppress the use of tobacco in his Church. Those who have continued the practice of chewing and spitting in the Church since being politely requested not to do it, are either transient attendants, not aware of the request, or boys who are a disgrace to their parents, or men who do not know or understand the claims of good breeding.

"One Nelson Hicks, whom the Commissioners of Granville made Superintendent of the Poor House of that county, tied up a negro woman, an inmate of the institution, a short time since, and lashed her unmercifully, giving her forty-three lashes. He was indicted at the late term of the Court for that county found guilty, and fined $43 and costs, the whole amounting to about $175. This man claims to be specially loyal."

We copy the above from the Ridgeway *Press.* The woman, we learn, was hired as a servant at the Poor House. He gave her 43 stripes, and the Court fined him $43 dollars, so it seems that a dollar a lick is the established price down there for a Radical officer whipping a "nigger."

Just Out.—*Cherry Pectoral Troches*, superior to all others, for Colds, Coughs, Sore Throats, Bronchitis and Hoarseness. None so pleasant, none cure so quick.

Manufactured by
RUSHTON & CO.,
Astor House New York.

This old established firm, whose preparations, have acquired a world wide reputation for excellence, now offer this article. No More of those horrible tasted, nauseating, "Brown Cubeb things."

THE INVESTIGATION YESTERDAY.

The proceedings will show that the House went into Committee of the Whole yesterday, on the investigation of Railroad frauds, bribery and corruption, &c.

The same quibbling; the same stickling for formality; the same obstructions, that were witnessed on a similar attempt before the recess, were all played over again yesterday, and by about the same parties. It is evident that if anything comes of this investigation, it will be done despite a desperate opposition.

We have not time nor space to allude to the various strategetic movements of the opponents of investigation; the reported proceedings will develope them, in part.

There is one fact patent, and that is, whether anything in regard to the alleged frauds and bribery shall be developed or not, the failure, under the circumstances, will not remove from the public mind, the conviction that these crimes have been committed.

Postponed.—The investigation of the case of E. Krebs & Co., at Wilmington, which was to have come off on Saturday, has been postponed for a week, as we learn from the Wilmington *Journal.*

Murder in Halifax.—Dr. Edward L Davis, of Scotland Neck, Halifax county, was committed to jail last week, for the murder of W. A. Saunders, of the same neighborhood.

The Newbern *Times* says:

"N. Frank White, one of the head men among spiritualists, will speak in the Congressional Chapel to-morrow eve. Those who wish to know more of this mysterious gift so fully exemplified in one of our citizens, had better be on hand early. Whether or not we are to expect any communications, on that eve we have not learned, but if they come at the same price, it would be vastly entertaining."

Where's Sleepy Downing? Couldn't he wake up long enough to enlighten us, material Raleighites, on the spiritual mysteries that have so powerful manifested themselves to his "inner light," since he has been employed at $7 a day to make laws for such incorrigible "chaw bacons" as we backwoods North Carolinians are supposed to be?

Wake up, Sleepy! and give us the latest telegrams from the region of Hades and adjacent parts, with which you are understood to be in regular communication.—Properly managed, you'd find there is money in it.

We suggest a joint appointment by you and the *Woman's Righter*, who enlightened us so, last night, on a kindred subject, to deliver lectures on the new doctrines, at Commons Hall, to-morrow night.

For the Sentinel.

Mr. Editor:—I am not a little surprised that your Legislature, your Governor, and all you Editors, have not pitched upon an easy, cheap, and certain means of getting those State Bonds for millions, out of Littlefield's hands.

There is a member of the Legislature who can give him two in a game and beat him at Old Sledge, now just stake this member with ten thousand in bonds, and start him after the gent, and if he has such luck *as to jacks*, as he had years ago in turning them on W. S. Ransom at Shocco Springs, in one week, he will win every one back. If you want to know the talented member who can do this, inquire of the Phat Senator from Franklin.

At a meeting of the Physicians of Robeson county on Monday last, in this place, a medical society was formed, and the following officers elected:

Dr. Hector McLean, President.
Dr. R. F. Lewis, Vice President.
Dr. J. R. Brown, Secretary.
Dr. R. M. Norment, Treasurer.

Dr. W. J. Gilbert was chosen to deliver an address at the next meeting, to be held in the town of Lumberton on the first Friday in May.—*Robesonian.*

"Forty Acres and a Mule."—We see that Sheriff Masten has notices posted up advertising the sale of the bench and lasts of John King, a colored shoemaker of Winston for taxes. Also advertises the sale of a valise of Chas. Scott, another freedman. He told them in the Leagues two years ago that he and his party would give them 40 acres and a mule and no taxes. They can now see how he keeps his promises.—But he can fool them again.—*Winston Sentinel.*

Who Killed Cock Robin?—The editor of the *Sentinel*, brags about a robin killing in Orange county the other night. He says, one party killed over five hundred birds in one night, and he thinks this wonderful! Why, neighbor we can "see" your figures, and go you *one thousand* better. We learn from good authority, that *one party*, near Third-Creek in this county, killed fifteen *hundred* robins in one night! One negro man brought down thirty odd, at one fire; and we are told that it is no uncommon occurrence, for one man, to kill a three bushel bag full, in a night; the number killed being so great that they are rarely counted.

As in Orange, they gather in this county to roost, by thousands and (almost) millions; and with the *Sentinel*, we would like for some one to account for this.—*Salisbury Examiner.*

A NEW DISCOVERY!!

PHALON'S

"VITALIA;"

OR,

Salvation for the Hair.

CLEAR AS WATER!
WITHOUT SEDIMENT!!
OPEN TO THE LIGHT!!!

For Restoring to Gray Hair its Original Color.

Phalon's "Vitalia" differs utterly from all the hair coloring preparations heretofore used. It is limpid, sweet smelling, precipitates no muddy or slimy matter, requires no shaking, imparts no stain to the skin. Hold it to the light and it is clear and cloudless. It leaves no mark on the scalp; yet it reproduces in gray hair the natural color that time or sickness may have bleached out of it.

☞ Phalon's Vitalia ☜

is for one sole purpose, that of reproducing, with absolute certainty, the natural color of the hair. It is not intended as a daily dressing, nor for removing scurf or dandruff; nor for curing baldness; nor for stimulating the growth of the hair.—These objects may be accomplished after the color has been fixed with the Vitalia, by Phalon's Chemical Hair Invigorator.

The Vitalia is a harmless and unequaled preparation for the reproduction of the original hue of gray hair, and nothing else. This is accomplished in from two to ten applications, according to the depth of shade required. Sold by all druggists.

PRATT'S "ASTRAL" OIL.

UNLIKE MANY OTHER ILLUMINATING Oils, is *perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the best and safest Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

No Life Insurance Company in the United States offers superior advantages for insurance or investment, than the St. Louis Mutual. It is managed by gentlemen of the highest capacity and standing and it enjoys the largest confidence of those acquainted with Insurance Companies.

Its Policies are liberal; its premiums moderate and made easy; its losses are paid promptly and its investments are made on the most solid basis, being principally in improved real estate worth twice the amount invested, paying ten per cent per annum.

All its Policies are non-forfeitable and all participate in the profits from the beginning.

Dividends declared and applied annually to policy holders on the contribution plan.

The Company is strictly Mutual, and the profits of its business are paid not to stockholders but to its policy holders.

An equitable surrender value paid to all who through misfortune are unable to keep up their policies.

The Georgia Mutual

IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of LIFE INSURANCE, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.

2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.

3rd. Policies Non-forfeiting after the first payment.

4th. Policies indisputable from any cause save fraud.

5th. No restrictions of Residence, Travel or occupation.

6th. It is a Mutual insurance Company ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of interest in the south than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. The Globe takes no notes; but receives its premiums in cash, and pays its policies in cash, without deduction.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES H. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience; men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coastwise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,34
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,94
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	13,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only 58 policies, received an income of seventy-eight thousand dollars, and possessed nett assets summing up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,337 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested nett assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
